CHECK OUT THESE *NEW* SUMMER COURSES!

HUMAN RESOURCES MANAGEMENT
Course Number: BMG* 220 Credits: 3
Students will learn about the human resource management system. Topics covered include employee selection, training and development, performance management, compensation and benefits, discipline, grievance handling, employee assistance, and the partnership between the line managers and the human resource function.

STUDIES IN AMERICAN LITERATURE
Course Number: ENG* 220 Credits: 3
Students will examine the works and historical background of selected American writers. The books selected for this summer include Slaughterhouse 5 by Kurt Vonnegut and The Wadsworth Themes American Literature Series.

ABNORMAL PSYCHOLOGY
Course Number: PSY* 245 Credits: 3
Students will experience an in-depth study of abnormal behavior. Topics include theoretical perspectives of abnormality, classification systems, and the prevalent groups of disorders: anxiety, personality, schizophrenic, mood, psychoactive substance, and developmental. Stress and psychophysiological symptoms are discussed, as are maladaptive behaviors of childhood and adolescence, and brain disorders and aging.

INDUSTRY AND ORGANIZATIONAL PSYCHOLOGY
Course Number: PSY* 247 Credits: 3
Students are introduced to the applications of psychology in the work place. The three main topic areas to be covered are: organizational psychology, human factors psychology, and personnel psychology.
