Review of 2/23/06 Minutes/approved with changes attached

I. Mission Statement – approved by the College Senate and the Management Team. A copy will be sent to the entire college community. Some additional thoughts are to print the Mission Statement on a bookmark with the final Strategic Planning Goals and distribute around campus, to focus group participants and the business community.

II. Achieve the Dream Priorities were distributed to the committee. Performance, Retention, and Classroom engagement of learners are 1st year implementations. The priorities and strategies associated with ATD work hand in hand in the planning of CCC’s strategic plan.

III. Goal Teams presented their findings. There were many similarities within each group, communication within the college, communication with the students, connection to the community, were common threads. Language needs to be worked on and groups were combined to come to the next meeting with 6 sub goals for each main goal. Joan presented visiting all departments and having them devise a strategic work plan and then bring that back to the Strategic Planning Committee. Points were made that the governance structure process should be looked at. In addition, we need to recognize the importance of the Magnet School and how it is beneficial to CCC.

IV. Next meeting is March 28, 2006 at 8:30am in the PCR.
