WHAT IS THE PASSPORT TO SUCCESS?

The Passport to Success Program is a fun way to help familiarize new students with campus resources, departments and activities.

Each time a student travels to a department or engages in an activity listed in their Passport, they get their Passport stamped.

Many of the departments and activities listed in the Passport are educational or social experiences all new students should have during their first semester or year at the college, such as the Welcome and Advising Center, Financial Aid Office, Career Center, attending Student Convocation, the Holiday Dinner/Dance, etc.

Once a student has received 9 stamps, he/she will receive a CCC T-shirt, and be entered into a grand prize drawing which will take place during spring semester. Students may submit stamped Passports to the Student Activities Office on the 7th Floor. Students must be currently registered to receive prizes.
