

\*CONNTAC/Educational Opportunity Center Update Related to Outreach and Service  
As of 3/18/2020

The health and safety of our employees, customers, and partners is CONNTAC, Inc.'s top priority. In light of the growing concerns of the Coronavirus (COVID-19), CONNTAC, Inc. has suspended all in-person appointments and activities including counseling sessions and workshops, until further notice.

We are reviewing available technology solutions in an effort to keep CONNTAC, Inc. connected to clients and agency referrals seeking small/or large group workshop requests related to:

1. Help with the completion and/or correction of the Free Application for Federal Student Aid (FAFSA) form
2. Discuss educational and career path options
3. Suggestions about scholarship and educational funding opportunities appropriate for you and your needs.

Our Educational Counselors assigned to various service areas <http://www.conntacinc.org/service-area> will be available to participate in remote counseling sessions via phone, email and video. Contact an Educational Counselor nearest you to review your postsecondary education and career options.

Check your Inbox, social media platforms, and website at [www.conntacinc.org](http://www.conntacinc.org) as we will be sending emails about resources, updates, and information that might be of interest to you.

Sincerely,

Tomeka Williams  
Educational Counselor
